Item description from the seller

Note: Please study the images carefully to determine the condition of this vintage photograph, as it may not be in perfect condition. It may contain wrinkles, cracks, and possibly even tears due to its age and how it was handled before it got to us. A scanner may interpret colors and contrast differently than human eyes will, so it is possible that the actual photograph may be slightly darker or lighter in person.

This vintage photograph is offered for sale as a collectible item and conveys no transfer of copyright.

1969 Press Photo Arthur Pugh of Houston Museum consultant firm with dinosaur

This is an original press photo. Arthur Pugh of the Houston museum consultant firm bearing his name holds the first cast of a dinosaur head made from molds he has acquired. The molds, made from a dinosaur skeleton found in 1903, will be used to cast a skeleton replica for the Houston Museum of Natural Science. Also to be used in the reconstruction are 65 bones now owned by the museum. The whole skeleton contains 627 bones. Pugh estimates it will take 18 months to two years to complete the project. He first plans to cast a skeleton for the Rocky Mount, North Carolina, museum. Photo measures 8 x 10.25inches. Photo is dated 01-19-1969.

Seller feedback (54,493)

g***u (863) • Past month

Verified purchase

The photo I ordered arrived on time, well packaged and it is in very good condition as described by the seller. Good and honest seller who was kind enough to sell it at a reduced offer price, I highly recommend this ebayer.
